## Weekly Family Challenge/Project

### Language and Culture

It's unlikely that we will be able to hop on an aeroplane in the near future, but we can still discover and explore different cultures and languages from our homes.

For this week's challenge, we'd like you to go on a virtual holiday and visit some countries in Europe (or further afield). We'd like you to create a passport to show where you have been? "Stamp" your passport with the date and each country visited. Find out each country's flag and capital city. Visit some famous monuments and landmarks, explore some famous cities and find out about the traditions of the country. **Find out how to say hello and goodbye in the language of each country you visit.**

Let us know where you go for your "virtual" holiday – we'd love to hear about your travels.

Some ideas :

#### France

- Learn some French greetings (BBC Bitesize Primary French ) <https://agreenmouse.com>(fabulous for stories and songs in French and Spanish)
- Make an Eiffel Tower (2D or 3D)- use straws, spaghetti and marshmallows, Lego, fruit or simply draw or sketch it. You can also visit the Eiffel Tower website to learn more and see over the city of Paris from their webcam.

- Tour de France- create your own Tour jersey. Map out a route for your family to do a cycle ride together locally.
- Make some Crêpes (traditional thin pancakes -sweet or savoury fillings)
